“We are
**STRONGER
TOGETHER**
than we are
alone.”

-WALTER PEYTON

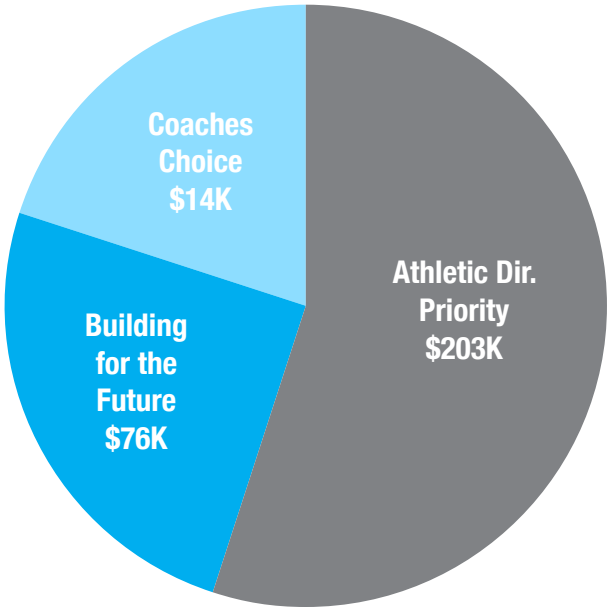

At Hough we are dedicated to giving our student athletes a quality experience that will enrich their lives. An experience that will teach them lessons they can carry with them into college and beyond.

We strive to teach each athlete to **GROW** as an individuals by using the experiences they endure at their sport. To instill values such as *dedication, passion and perseverance* that will allow them to **PERFORM** at their peak in all they do. To provide them the confidence to **LEAD** both on the field and in thier lives.

Our coaches are committed to helping each athlete reach their athletic/academic potential and goals. They have dedicated themselves as mentors, teachers, and role models to help guide their athletes through their challenges.

We have invested the time. We have defined the goals. Now we need to invest the money and build on the foundation we have laid.
